

Hemerocallis 'Ruby Spider' (Daylily)

One look and it's easy to see why this incredible daylily is a multiple award winner! The gigantic 9", dark ruby red flowers are officially classified as "unusual form-spatulate" since the

petals are long and spoon-shaped. The petals open very wide and flat, displaying the large, golden yellow throat and matching midribs nicely.

Planted singly or en masse, this outstanding daylily is sure to make a huge visual impact in the landscape! Dormant tetraploid.
