SPIRIT™ Appleblossom *Cleome hassleriana*

This series offers a variety of colors in a traditional *Cleome*, also called a Spider Flower. The leaves have a silvery cast, and the delicate, feathery flowers add grace to the space. It is an outstanding series for garden performance with fantastic color from spring all through summer. A wonderful landscape plant in dry conditions.

Growing Tips:

May self seed, so remove unwanted seedlings as they appear. Lower stems may become bare so plant around the base.

Exposure: Full sun

Height: 24-48"

Spacing: 15-18"

Hardy Temp: 15°F (-9°C)

Uses:

Use in beds, borders, and patio containers.

Features:

Delicate, blush-pink and white flower clusters attract butterflies and hummingbirds.
