The #1 Plant Brand™

Looking for a dependable perennial that looks great all season? Give 'Maestro' a try! Compared to older varieties of Sedum, this one delivers an outstanding performance by keeping its strongly upright form all season long, even when it's in full bloom.

HEIGHT: 24-30in

SPREAD: 24in

BLOOM TIME:
Late Summer -
Early Fall

HARDINESS: Z3-9

AVAILABLE SIZES:

- 72ct plugs from Summer 2011
- #1 Grade bare root from Fall 2011

'Maestro' is an eye-catching sport of 'Matrona' with more attractive foliage and a more compact, upright habit. It forms a sturdy clump of blue-green foliage which gradually turns purple as the season progresses.

Large 5-7" flower heads bear bright red buds which open to light pink blossoms held on bright purple stems in late summer.

'Maestro' is the perfect size for large containers or the middle of the flower border. It combines easily with many other perennials in the landscape.
